(Good-quality printing is not possible from this CD)  
£20.00

**5. CD of high resolution images**

Suitable for high-quality reprints.  
Includes a licence for you to print as many further copies as you wish.  
£100.00

Usually 2 hours is plenty of time, and the most popular option is usually to get the High Resolution CD, since you can get reprints at your convenience at somewhere like Visualeyex or a good high-street photographic printer.

I use available light and shoot on location, either indoors or outdoors. I use digital equipment, allowing us to review photos during the session.

These prices are intended as a guide. Please contact me if you have any queries, different requirements or to discuss a possible booking in more detail.
